

Bear Valley Snowmobile Association

GOOD NEIGHBOR RIDING RULES.

The following are suggested guidelines for snowmobile riding in the Bear Valley Subdivision...

- Always obey the 20 MPH speed limit – 15 MPH near the Village Center (county law).
- Snowmobiles operated in the subdivision should have mufflers. The maximum sound limit is 86db. Loud after market pipes are strongly discouraged (county law).
- Try not to ride in large groups. Break up into smaller groups and ride single file.
- Don't let children ride alone. These are powerful machines and not appropriate for children or young teens.
- Try to minimize recreational riding in the subdivision. Recreational riding is more appropriate in the Forest outside of the subdivision.
- Don't ride on private property without permission (county law).
- Be aware of pedestrians and skiers.
- Use approved trails to access USFS lands.
- Keep your sled in tune and don't let them idle too long.
- Try synthetic oil to reduce emissions.
- No riding after 10PM or before 6AM, except for travel to residence or business (county law).
- Snowmobiling and alcohol don't mix. Don't drink and ride.

THANKS FOR BEING A 'GOOD NEIGHBOR'
